SUMMARY

Senior Software Engineer with 14+ years delivering cloud-ready microservices, APIs, distributed systems, and event-driven architectures. Hands-on Generative AI experience building LLM, RAG, AI agent, and multi-agent workflow applications using Python, React, FastAPI, LangChain, LangGraph, Docker, and observability platforms.

CORE SKILLS

Python • Java • FastAPI • Spring Boot • React • Node.js • REST APIs • Microservices • Event-Driven Architecture • LLMs • RAG • LangChain • LangGraph • AI Agents • Multi-Agent Workflows • Prompt Engineering • Vector Databases • Ollama • Langfuse • Copilot • Claude • Docker • CI/CD • Azure • GCP • PostgreSQL • DataStax (Cassandra)

PROFESSIONAL EXPERIENCE

FedEx Services | Senior Full Stack Developer III | Orlando, FL | 2012–2026

- Built core enterprise applications supporting document management, compliance, security, and distributed systems.
- Delivered core enhancements contributing approximately \$8M projected revenue impact.
- Engineered and built enterprise microservice platforms using service discovery and API gateways.
- Led modernization and migration initiatives including IBM-to-EDM migration generating \$1M cost savings.
- Implemented CI/CD practices improving release quality and delivery velocity.
- Technical lead and Scrum master for Agile teams as needed.
- Production and Test Support including incident and defect resolution

AI PROJECTS

RAG Research Assistant - Built full-stack chatbot supporting general chat and document ingestion, semantic search, vector retrieval, local LLM deployment, and streaming responses using Ollama, LangChain, and FastAPI.

Multi-Agent Research Approval Assistant - Developed LangGraph AI agents with human-in-the-loop approval, stateful workflows, resumable execution, and Langfuse observability within Docker.

ADDITIONAL EXPERIENCE

Walt Disney World • M2 Systems | Muscato Corporation • TriCom | ISR Global Telecom • Lockheed Martin | Martin Marietta Corporation - 20+ years experience in Central Florida across enterprise, embedded, telecom, healthcare, financial transaction processing, and defense simulation software.

EDUCATION

University of Central Florida — B.S. Computer Science Scientific Specialization, Time-Shortened Degree, Cum Laude | Minor: Business
Udacity Generative AI Fundamentals | University of California Irvine Mobile Application Development
